

Evelyn Cunneen

evecunneen@gmail.com | (708) 625-2584 | Chicago, IL / Colorado Springs, CO

Cybersecurity-minded computer science student passionate about the intersection of technology and global affairs.

Education

B.A. Computer Science | Colorado College, Colorado Springs, CO | May 2028

Relevant Coursework: Applied Python, Computer Science I, Computer Science II, Linear Algebra

High School | Illinois Mathematics and Science Academy, Aurora, IL | Jun 2024

Relevant Coursework: Computer Science Inquiry, Object Oriented Programming, Web Technologies, Microcontrollers, Advanced Programming

Technical Skills

Languages: Java, C#, Python, C++, JavaScript, PHP, HTML/CSS

Tools & Technologies: MySQL, AWS Cloud Networking, Git/GitHub

Relevant Projects

Virtual Reality Headset | April 2024

- Engineered a custom SteamVR-compatible virtual reality headset using a Raspberry Pi display and a 3-axis gyroscope/accelerometer.
- Integrated motion tracking using Arduino and designed housing to enable immersive experiences with minimal latency.

Neural Network Arena Simulation | May 2023

- Programmed two neural networks in C# to simulate predator-prey behavior between a lynx and a hare in a competitive arena. Trained both networks using machine-learning concepts to optimize for hunting and survival using custom reinforcement strategies.
- Placed in the top 25% of all class sections when tested against peer networks.

Experience

Financial Products Intern | Illinois State Treasurer | Aug 2023 – Apr 2024

- Developed and presented a variety of financial projects and research for the Illinois' BrightStart 529 programs. Also designed advertisement proposals and presented them to the executive team.
- Redesigned the "Financial Education" website section to improve usability and content structure.

Career Ambassador | Career Center | Mar 2025 – Present

- Assisted staff with assigned events, projects, and tasks during the school year.
- Represented the Career Center at campus events and assist with career workshops.
- Managed front desk operations and supported student appointment scheduling.

Leadership & Involvement

Delta Mu | Colorado College | Feb 2025 - Present

- Engaged in service and philanthropic initiatives supporting women in professional development.
- Participated in organizing campus-wide events, volunteer activities, and mentoring programs.

Coding Club | Colorado College | Jan 2025 - Present

- Participated in peer-led programming tutorials and collaborative coding projects.
